(C) Upon the completion of the capping, the Water Department shall be notified prior to backfilling the excavation.

(D) Upon completion of the demolition and backfill and leveling of the property, the owner shall notify the Health Inspector of the completion, and the Health Inspector shall issue a certificate of acceptance of the demolition. All demolition work must be completed within 90 days of the issuance of the demolition permit.

(Ord. 13, Series 2011-2012, passed 3-26-2012)

§ 151.08 PERMITS AND BONDS.

(A) It shall be unlawful to demolish any building or structure with the city having first procured a permit therefor. The fee for said demolition permit shall be \$5.

(B) It shall be unlawful to commence work on any demolition work in the city involving machinery, trucks or equipment unless the person doing such work shall first have secured liability insurance in an amount equal to at least \$100,000. The contractor shall file a certificate of insurance with the City Clerk prior to the issuance of a permit.

(Ord. 13, Series 2011-2012, passed 3-26-2012) Penalty, see § 151.99

§ 151.09 CAPPING SEWER AND WATER LINES.

Prior to razing any portion of any building, the person to whom the permit is issued shall cause all sanitary sewer and water laterals to be disconnected and capped by a licensed plumber, said disconnections to be at property line.

(Ord. 13, Series 2011-2012, passed 3-26-2012) Penalty, see § 151.99

§ 151.10 FOUNDATIONS OF DEMOLISHED BUILDINGS.

Whenever a building or structure has been demolished, the foundation thereof, if any, shall be leveled to at least 42 inches below grade and filled in with 95% non-combustible fill material with the top 42 inches of fill material being of dirt, sand or gravel and no combustible material may be placed in said foundation which is not from the site. The fill material must be capable of supporting vegetative growth.

(Ord. 13, Series 2011-2012, passed 3-26-2012) Penalty, see § 151.99
